Dear Parents

It is Education Department policy that all Contributions and Charges for the following year be ratified by the School Board and circulated to parents two months prior to the start of the following school year. The figures below depict what may be charged for events in 2020. These amounts can be less than depicted, but cannot exceed what has been passed by the School Board.

The School Board has approved the following Voluntary Contributions and Charges for 2020.

The list of student requirements is on the next page. These can be purchased from any supplier. The list includes items which indicate a brand name. These items have been selected for their durability and for their suitability for the learning program. You are, however, under no obligation to remain with these brand names.
